**Product**  
The V1000 Welded Bar System (WBS) was the preferred choice for this Inner West apartment. Not only does it give privacy, sun control and division, it fits with the aesthetics of the other Vollay products installed, including, Vollay V5000 Aluminium Shutters and V7000 Opening Roof System installed both internally and externally. Precious Silver Pearl powder coat surface finish to AS3715-2002 at 60-80microns.
