Product
The V1000 Welded Bar System is ideal as an 'eyelid' louvre system as it is an effective and attractive option in shading large areas of glass without compromising horizontal views. This system coexists on these apartments with 300mm Vollay V9000 Fixed Aluminium Louvres which deflects the sun and creates an attractive design element. Precious Silver Pearl powder coat to AS3715-2002 at 60-80microns.
