Product
The V5000 Operable Blade System - 60x30 was installed in this lovely home in Adelaide to deflect the harsh summer sun, provide complete privacy at night while during the day, maintaining privacy but letting the light into the work space. Black was selected through the rest of the house to suit the eclectic choice of furnishings, however cool, fresh white was chosen for the bathroom. All of the shutter doors and windows were keyed alike and were able to be easily exited and entered using the one key. Gloss White powder coat to AS3715-2002 at 60-80microns.
